TROPICAL FLOWERING

MANETTIA TRELLIS
Also known as the Candy Corn Vine, Manettia grows well both indoors or outside in full to part sun.
Available in #1 and #10 nursery containers.

CONFEDERATE JASMINE TRELLIS
Also known as Star Jasmine, dark glossy green or variegated leaves, has very fragrant flowers and is a trellis climber.
Available in #1 and #10 containers with a trellis.

THUNBERGIA TRELLIS
Also known as Black Eye Susan, this fast growing vine works best on a trellis. Available in assorted tropical colors in #1 and #10 containers.

MANDEVILLA
Most popular of all the vines, mandevilla is very heat tolerant and an easy care plant.
Available in red, pink, and white in #10 Trellis and #1 hoops.
TROPICAL FLOWERING

DIPLADENIA BUSH
Dipladenia’s are often confused with Mandevilla since they are part of the same family. The growth pattern of the Dipladenia is bushier with stems that tend to grow down and hang rather than vine like a Mandevilla. The Dipladenia Bush are typically limited to the Rio series and Red riding hood. Available in red, deep red, and pink colors and in #5 and #10 containers.

MEXICAN HEATHER
This tropical Cuphea plant does well in sun or partial shade. It’s a fast growing plant and survives well in short periods of drought. It grows well as a low ground cover. Available in purple, white, or pink in a #5 container.

GARDENIA BUSH
Fragrant Gardenias are loaded with white flowers that last for days. The bush varieties are available in #10 containers. Gardenia’s are also offered as a standard tree and in Deco Pots.

SPATHIPHYLLUM
Also known as a peace lily, this easy care plant grows well in low light conditions and is a great air purifier. Available in a #5 and #10 nursery containers.

TIBOUCHINA BUSH
This outdoor shrub will bloom throughout the year in warm climates providing splashes of unique purple flowers. Available in a #10 nursery container.
This is a nice compact plant great for containers and window boxes. Available in #5 and #10 containers.

This “Firecracker” plant has long lasting blooms that thrive in well in heat and humidity. Available in a #5 container.

Also known as an Ice Plant, this is a great ground cover plant for full sun in hot dry areas. The Wheels of Wonder series is available in hot pink, yellow, orange, and fire red. Available in #5 containers.

Also known as Golden Shrimp, this plant prefers full sun and does well in nearly any type of soil. Available in a #5 container.
TROPICAL FOLIAGE PLANTS

ARBORICOLA

Also know as an umbrella plant, the arboricola does well in sun or shade and is a great indoors or outside plant. Available in #10 containers.

CORDYLINE FLORIDA OR HOT PEPPER

Beautiful dark burgundy red and pink veining leaves. Grows best in partial shade avoiding the afternoon sun. Cannot tolerate direct sunlight. Available in #10 containers.

CROTON PETRA

Several varieties of croton plants are available. These full to partial sun plants are very heat tolerant. Available in #5 or #10 containers.

FICUS BURGANDY

Also known as a rubber plant, the ficus is all about having a small tree indoors with broad shiny attractive leaves. Easy care plant that grows well in low light. Available in #10 containers.

KIMBERLY QUEEN FERN

The most popular of the patio ferns, this annual with its long feather like fronds, prefers at least five hours of bright indirect light each day and high humidity. Available in #10 containers.
